To Whom it May Concern,

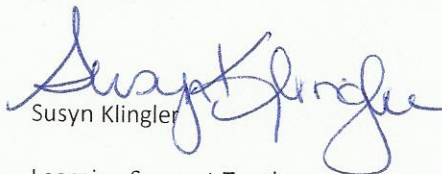

I am writing as a reference for Miss Jessica Hynek who is applying for a teaching position within your district. Miss Hynek taught in my second and third grade learning support classroom during Student Teaching for eight weeks.

Miss Hynek did an excellent job in this small group setting teaching students with various disabilities in reading, English, spelling and math. She had outstanding skills when it came to building positive rapport with the students in the classroom. She was also willing to perform any task assigned to her and did so with excellence. She was a team player in the classroom, working well with the instructional aide as well as myself. Her pleasant personality and caring way with the students provided her with many successful teaching days. While in my classroom, Miss Hynek completed each assignment with excellence as well as forming constructive reflections on her teaching.

Miss Hynek was very organized and structured, which is necessary in the learning support setting. However, she was able to be flexible with the daily schedule as necessary with outside interruptions. She generated meaningful lesson plans to follow Common Core Standards as well as student's educational needs. She was excellent in identifying individual strengths and weaknesses of her students and used this information in generating her lesson plans.

I feel that Jessica Hynek has had an exceptional learning support teaching experience. She was extremely flexible when necessary, active in the classroom at all times, able to observe needs of the classroom/students as well as intervene appropriately, and create and deliver effective lessons throughout her placement. She really had a connection with the students and worked very hard every day to meet their individual needs, academically, socially and emotionally. I am extremely confident that Miss Hynek will be a great addition to any school district faculty. It was a pleasure having her apart of our classroom.

Sincerely,

Susyn Klingler

Learning Support Teacher

Compelling Purpose: Uniting Talent and Passion!

Grove City Area School District is an Equal Opportunity Employer which fully and actively supports equal access for all people, regardless of Race, Color, Religion, Gender, Age, National Origin, Veteran Status, Disability, Genetic Information & Testing, Family and Medical Leave, Sexual Orientation and Gender Identity or Expression.
